

Please postpone the vote scheduled for Monday regarding the elimination of current FCC broadcasting regulations. It is important to use a democratic process to decide whether or not eliminating the current FCC broadcast regulations are in the best interest of the public.

I think it is important to keep the regulations we have had for the past 28 years in place. It is important and healthy for the public to have access to many differing opinions and a wealth of information. Eliminating the current regulations would limit the information presented to the public and do nothing more than promote private, corporate interests while simultaneously discouraging free speech.

I want rules in place that serve the public, rather than private, interest.

I oppose taking a vote that leads to more media consolidation. On June 2nd, or the rescheduled date, I urge you to retain the current ownership rules.
